As an **admin**, I want to **manage room listings** so that I can keep the room inventory accurate and up to date.

As an admin, I want to register tenants and assign them to rooms so that I can manage occupancy efficiently.

As an **admin**, I want to **track monthly rent and payment records** so that I can monitor who has paid and who is overdue.

As an **admin**, I want to **manage maintenance requests** so that I can address repairs and facility issues promptly.

As an **admin**, I want to **view room vacancy/occupancy status** so that I can quickly identify available rooms.

As an **admin**, I want to
generate monthly income
reports so that I can review the
boarding house's financial
performance.

As a **tenant**, I want to **log in** to my account so that I can **view my room details and rent status**.

As a tenant, I want to view my payment history so that I can keep track of my past rent payments.

As a **tenant**, I want to **submit a maintenance request** so that I can report issues in my room or the facility.

As a **tenant**, I want to **receive notifications** about upcoming or overdue rent payments so that I can settle them on time.
